

RAJ KUMAR

Certified 6G / TIG Pipe Welder & Fabrication Specialist

Email: raj.kumar.welder@workpower.in | Phone: +91 98765 43210 | Location: Jamshedpur, Jharkhand

PROFESSIONAL SUMMARY

Highly skilled 6G TIG and Arc Welder with 5+ years of hands-on industrial erection, boiler pipeline fabrication, and heavy structural welding experience in thermal power plants and steel plants. 100% Radiography Test (RT) qualified under ASME IX / IBR certification.

TECHNICAL SKILLS & CERTIFICATIONS

Welding Processes:	TIG (GTAW), SMAW (Stick), MIG/MAG (GMAW), Flux-Cored (FCAW)
Welding Positions:	6G Pipe Position, 1G-4G Plate & Structural Positions
Certifications:	IBR Boiler Welder (100% RT Pass), ASME Section IX Qualified
Materials:	Carbon Steel (CS), Stainless Steel (SS 304/316), Alloy Steel (P11, P22, P91)
Safety Standards:	OSHA Construction Safety, Hot Work Permit, Confined Space Entry

WORK EXPERIENCE

Senior 6G Pipe Welder — L&T; Heavy Engineering, Jamshedpur (2023 - Present)

- Executed critical high-pressure steam line welding with 99.4% first-time RT pass rate.
- Supervised a team of 8 fitters and junior welders on site.

Structural Welder — Tata Projects Ltd, Bokaro Steel Plant (2021 - 2023)

- Heavy beam column fabrication, crane girder joint welding according to WPS/PQR specifications.

EDUCATION & TRADE QUALIFICATIONS

- ITI in Welder Trade (NCVT) — Government ITI Ranchi (Score: 84%, 2020)
- Secondary School Examination (10th) — Jharkhand Academic Council (2018)
